CAREER OBJECTIVE

Motivated BCA student with a strong interest in Data Analytics and technology. Seeking an entry-level opportunity to gain practical experience, contribute to organizational growth, and continuously learn in a professional environment.

EDUCATION

Data Analytics July 2026 - Present
Indra Institute of Education

Bachelor of Computer Applications July 2023 - May 2026
KG College of Arts and Science

SKILLS

- **Languages :** C,C++,Java,Python
- **Database :** Mysql
- **Libraries / Frameworks :** Numpy,Pandas,Matplot
- **Visualization Tools :** Power BI,Tableau
- **Management Tools :** Basic Excel,Advanced Excel
- **AI Tools :** Chatgpt,Gemini,Chatgpt SQL Assistant

PROJECT

Fraud Detection on Bank Payment using Machine Learning

Tech Stack : Python, Flask, Random Forest, HTML, CSS, JavaScript, MySQL, Pandas, NumPy, Scikit-learn, Jupyter Notebook.

Developed a machine learning application to detect fraudulent bank payment transactions. Used data preprocessing and model training to improve prediction accuracy.
